

OSPREY WITH FISH, PLACIDA | Bernard Hynes 

2008 **May** Sunday Monday Tuesday Wednesday Thursday Friday Saturday

**THE CHARLOTTE HARBOR NATIONAL ESTUARY PROGRAM** unites government agencies with industry, concerned citizens and others to reach agreement on the most pressing problems to maintaining a healthy environment in the Charlotte Harbor watershed and on methods for solving those problems. This partnership works together as a Management Conference of four committees and the Program Office. The Policy Committee has ultimate authority to establish policy. The Management Committee oversees program operation. The Technical Advisory Committee (TAC) guides technical decisions. The Citizens Advisory Committee (CAC) represents the interests of the public.

For more information, go to [www.CHNEP.org](http://www.CHNEP.org).
