MUCK ABOUT in the shallow waters of our local estuaries to see for yourself some of the aquatic critters that call these shallow waters home — you will quickly understand the importance of these waters. The Charlotte Harbor National Estuary Program is pleased to sponsor wading trips with local environmental organizations. These and other public field trips are held throughout the year. To register, contact the organization that is offering the program of interest to you.

For more information, go to www.CHNEP.org.

What do you think of this calendar? Take a survey posted on the website at www.CHNEP.org.
