

	CCMP Section	Printed CCMP Page #	Action/Activity # or Document Reference	Staff Recommendations
Intro./Conclusion	Inside and Back Cover			Update address and phone and CCMP revision years
	Throughout	All	Timeframe Sections	Review and revise as needed to reflect every document "to be adopted" which has been to be modified accordingly
	Throughout	CHNEP Logo		Replace with latest logo where top and bottom font same and both centered vertically
	Throughout	All		Track all acronyms ensure they are spelled out the first time they are used anywhere in the doc and the Update Acronym List in the back (Ex: IFAS)
	Throughout	All		Review text to update to de-emphasize, replace, or remove references to 2019 Updating in Status Section. Also remove old crosswalk appendix.
	Conclusion			Update Acknowledgements Section
	Conclusion			Update copy edits in the Action Tables (Ex: Fish Wildlife and Habitat Restoration needs to be 'Protection' pg. 192)
	Throughout and Figure 1	All		Revise to past tense with references to 2019 CCMP or Boundary Change Activities (ex. Figure 1 caption)
	Throughout in "Status Sections"	All		Remove references to previous 2013-2018 CCMP Actions - updating to any cross walking from 2019 to 2025 or any additions
	Throughout	All		Add Climate Change references, data and impact information to all applicable sections throughout
	Throughout	starting pg. 10		wherever "estuaries or estuary of national significance used...look to revise to make consistent to "estuaries of national significance"
	The Management Conference	pg. 12		update text about CAC and their current role
	Table 1	pg. 13		Update to names of current CHNEP Counties (incl. adding Highlands), Cities (incl. removing City of Bonita Springs, and Orgs.
	Milestones: 1970 - Today	pgs. 14-15		Need to add milestone post 2019: Hurricane Ian (3rd costliest disaster), CHNEP Water Atlas 2.0 launched (March 2024), etc.
	Major Accomplishments	pg. 16	Infographic	Update header to 2019-2024 and put updated stat #s and descriptions
	About the CHNEP Area	pg. 17		(1) Add introductory overview at beginning and adjust Boundary Expansion section (past tense, etc.), (2) remove sentence(s) throughout that section that reference information pulled from the Conservancy of Southwest Florida's Estuaries Report Card (perhaps replacing with CHNEP Water Quality Fact Sheet info.), and add language about Outstanding Florida Waters in CHNEP Area
	Figure 3	pg. 18		Redo with removal of Expansion Area from legend and map
	The Gulf of Mexico	pg. 25		Add Hurricane Ian after mention of Hurricane Irma.
	About the CCMP Vision and Strategy	pg. 27	Supporting Documents Graphic	Change from to be adopted to actual approval and document finalizations dates, adding HRN II to HRN bullet, and adding Equity Strategy
	Climate Change Considerations	pg. 28	Caption of Photo	Update caption to remove 2019 CCMP reference portion of it
Climate Change Considerations	pg. 28	Climate Change Considerations Narrative	Add expanded and new climate change consideration information based on recent science in last 5 years. (incl. coastal acidification, rainfall changes, storm intensity and frequency, etc.)	

Water Quality Improvement	Water Quality Monitoring	pg. 39		Update language relating CCHMN water quality sampling section, update CHEVWQMN language to remove CHNEP direct involvement language.
	The CHNEP Water Atlas & Figure 7	pg. 41	Narrative and Caption of Figure 7	Need to update to (1) remove contour and other archived or hidden tools and pages, add new tools and pages, and talks about Water Atlas 2.0 / redevelopment of website. Revise Figure with updates stats (ensuring crisp and legible)
	Water Quality	pg. 43	WQ 1.3	Revise 5-year Performance Measure to reflect new CHNEP Water Atlas Capabilities (tools, pages, etc.) that assess and report water quality status and trends
	Designated Beneficial Uses and WQ Standards	pg. 46 & 47 & 49	Narrative and Figure 8 Caption	Need to revise NNC to "nutrient thresholds" anywhere it is talking about the Tidal Creeks thresholds, also remove Figure 8 and its caption
	Estuaries Report Card	pg. 48	whole page	Remove whole page as Conservancy of SW FL no longer doing Estuaries Report Card
	Bioindicators	pg. 49	Narrative	Need to revise to remove old tools, Estuaries Report Card, etc. and put updated resources instead
	Pollutant Cleanup Plans	pg. 49-50	Figure 9	Update text to reflect current pollutant clean up plans and update graphic based on current FDEP data and remove expansion boundary
	Other Water Quality Management Rules...	pg. 51		Revise whole section to add new tools, remove old/outdated tools, etc.
	Pollutant Cleanup Plans	pg. 51	WQ 2.1	Remove "NNC Development and Implementation Facilitator" from CHNEP in Responsible Parties, remove NNC language for Annual Costs section, and change 5-year Performance Measure to remove language after five impaired waterbodies
	Urban/Agricultural Runoff	pg. 56		Check Project descriptions to update as needed, those completed, put completion date and put into past tense
	Urban/Agricultural Runoff	pg. 56	Table 5	Update list with any more newly adopted BMP manuals
	Urban/Agricultural Runoff	pg. 57	Table 6	Update list with currently enrolled acres and cite date after FDACS in the capture source
	Cost-Sharing Incentives	pg. 58	Figure 11	Update graphic based on current FDACS farm data
	Reduce wastewater pollution	pg. 61	Table 7	Update table with current FDOH data and respective new year put into the caption
	Reduce wastewater pollution	pg. 62	Figure 12	Update graphic with newer FDEP data and respective new year put into caption
	Reduce wastewater pollution	pg. 64	Table 9	Update table with newer water supply stats and respective new year put into caption
	Central Sanitary Sewer	pg. 64-65	Narrative	Replace/add sewer overflow for Hurricane Ian. Remove last sentence.
	Reduce wastewater pollution	pg. 67	Figure 14	Update graphic based on newest FDOH OSTDS data
	Reduce harmful algae blooms	pg. 71	Narrative	Add paragraph(s) on macroalgae to the intro. Of this section.
	Reduce harmful algae blooms	pg. 73	Photo and caption	Replace with newer red tide example map and respective caption
Reduce harmful algae blooms	pg. 74	WQ 5.1	Adding "including macroalgae" after HABs in activity header	
Reduce harmful algae blooms	pg. 73-74	Narrative	Expand macroalgae to reflect how it has increased in our region and other scientific evidence of its impacts. Revise to reflect growing scientific evidence/consensus on role of anthropogenic nutrients on red tide severity, frequency and duration (Miles Medina literature)	
Hydrological Restoration	Caloosahatchee Case Study	pg. 89		Change captions to use consistent font and be under each photo, removing "Top to Bottom"
	Reduce Future Demands on Surface/Groundwater	pg. 91	Figure 20	Revise pie chart based on updated data of total water use by category from WMDs
	TBD		Narrative	Add info about completion of CHFI modeling and how now folded into Cape Coral and Yucca Pens Project
	Protect and restore natural flow regimes	pg. 96 -	Narrative, Photo, or Inset	Add info. about completion of Warm Mineral Spring (could be similar and replace deleted Estuaries Report Card inset page)
	Protect and restore natural flow regimes	pg. 96 -	Narrative	Update Initiatives if concluded / no longer active and remove associated agencies in parenthesis (as some are inaccurate)

Fish, Wildlife, and Habitat Protection	Fish, Wildlife, & Habitat	Whole Section		Review, fact check and revise as appropriate based on updated resources and reports
	Fish, Wildlife, & Habitat	pg. 104	Table 10	Update table with current total areas and acreage change #s with source and respective year in source portion of caption
	Fish, Wildlife, & Habitat	pg. 105	Figures 23 & 24	Update format to be crisp (currently blurry)
	Fish, Wildlife, & Habitat	pg. 106	Table 11	Update total with current numbers, with sources and respective years in source portion of caption. Remove protect and restore goals from the table, as well as percent target achieved.
	Fish, Wildlife, & Habitat	pg. 109	Figure 26	Update map with newest FDACs shellfish harvesting data and respective year in source portion of caption
	Threatened and endangered species	pg. 118 & 119	Table 12	Update table with current species protection statuses. Everglade needs to be revised to Everglades in table. Legend also needs to be revised so ST rather than T to match the table itself. Also on burrowing owl caption, needs period at end of caption and should be Steve not Steven.
	Protect, restore, and monitor estuarine habitats	pg. 123	Narrative	Remove Seagrass Restoration Targets section (as no longer used)
	Protect, restore, and monitor estuarine habitats	pg. 124	Narrative	Update Seagrass Restoration section to make Seagrass Gardening project all past tense.
	Living Shorelines	pg. 128	Narrative	Update Tiki Point project description to put phase I in past tense and then to talk about phase II that CHNEP is doing with City of Punta Gorda presently
	Protect, restore, and monitor env. sensitive lands and waterways		FW1.1	Add "monitor" after Protect so "Protect, monitor and restore..."
	Protect, restore, and monitor env. sensitive lands and waterways	pg. 132 -141	Narrative	Add info. about completion of Myakka Headwaters
	Protect, restore, and monitor env. sensitive lands and waterways	pg. 134	Figure 31	Map updated with 2018-2024 land acq. And Habitat Management Projects
	Protect, restore, and monitor env. sensitive lands and waterways	pg. 135	Table 13	Table updated with newest FNAI data.
	Protect, restore, and monitor env. sensitive lands and waterways	pg. 136-137	Narrative / Photos	Update acquisition of conservation lands to examples from 2019-2024, replacing photos with a couple photos of those
	Land Management	pg. 139	Table 14 and Narrative	Add language about CHNEP Habitat Restoration Needs (HRN) Phase II and Results. Change acronym reference from HRNP to HRN.
	Assess and promote the benefits of land, waterway, and estuary protection	pg. 143		Add language to background on newer large-scale land conservation efforts in CHNEP Area (Florida Wildlife Corridor and Everglades to Gulf Conservation Area) including how CHNEP has supported in bringing presenters on them to Management Conference, providing technical comments and resources to agencies leading efforts as well as letters of support.
Assess and promote the benefits of land, waterway, and estuary protection	pg. 143	Background and FW 3.1	Revise 5-year performance measure: "Provide technical support and comments in support of land conservation initiatives, to advance implementation of HRN"	
Public Engagement	Intro		Photo caption	Remove reference to monthly volunteer events
	Intro	pg. 146 & 147	Tables 15 & 16	Update based on newest relevant data available
	Intro	pg. 148 & 149	Photo and caption	Update to more recent Outreach photo with new name in logo, and more recent Conference photo
	Promote environmental literacy...	pg. 151-153	Narrative	Remove Nature Festival, Children's Book, Citizen's Academy, mention of posters and Harbor Happenings under Publications, and Special Places Map. Replace with Kids Activity Book (in English and in Spanish), Fact Sheets: Seagrass, Water Quality and on CHNEP Projects added under Publications. Update Water Atlas Summary.
	Citizen Science...	pg. 155-156	Narrative	Remove monthly volunteer events paragraph, Marine Debris section and Seagrass Gardening section, Oyster Reef Building and Monitoring, and Tidal Shoreline Survey sections.
	Citizen Science...	pg. 157	PE 1.2	Revise 1.2 to "Provide information to interested public about activities to participate in research, monitoring and restoration." with 5-year performance measure revised to "Monthly emails to volunteer opportunities subscribers about volunteer opportunities"
	Expand reach of education	pg. 160	Figure 32	Update map based on latest FDEP Clean Marina info.
	Expand reach of education	pg. 161	Table 17	Update Table based on latest boat registration data
	Expand reach of education	pg. 163	PE 2.1	Revise 2.1 to "Engage diverse stakeholders in estuary and watershed protection activities and educational programs" with 5-year performance measure revised to "Annual public event that include diverse stakeholder perspectives and presenters."
	Expand reach of education	pg. 163	Graphic	Update graphic with updated relevant stat description and number
	Facilitating, Networking	pg. 165		Remove reference to Conservation Lands Workshop, and revise environmental community of practice sentence
	Strengthen non-profit collaboration	pg. 167	Graphic	Update graphic with updated relevant stat description and number
	Increase outreach to policymakers	pg. 170	PE 4.1	Revise 5-year performance measure to: "Annual meetings with interested elected or appointed officials of governmental entities"
